

How-To Guide:

Choose the Right Baseball/Softball Management Software for Your Club

1st Inning

Identify the Needs of Your Baseball/Softball Organization

Each individual baseball/softball organization has unique needs!

Age groups and skill levels of your league? Budget?

Prioritize features: registration, program management, sponsorship, or more!

2nd Inning

Pay Close Attention to Accessibility and Ease of Use

Is the baseball/softball management software easy to use?

Is it accessible to admins, coaches, parents, players?

Accessibility in registration - make your programs accessible!

3rd Inning

Prioritize Registration

Registration is the starting point for your league!

Registration should be streamlined.

Look for unique factors like payment plans, waitlists.

4th Inning

Complete Program Management: Rostering, Scheduling, Communication, and More

Program management is the backbone of your baseball/softball management software!

Complete program management.

Handle rostering, scheduling, communication platforms and more!

5th Inning

Other Areas to Consider: Sponsorship, Tournaments, Websites

Sponsorships add financial support and cash funding.

Tournaments are a unique way to diversify your programs.

Building an efficient website is key to your growth.

6th Inning

Support and Onboard Training

Baseball/softball management software should be a partner!

A+ levels of support.

Help getting your season up and running from the start!

Extra Innings
